

Computer Lab Facilities

Our Computer Lab is equipped with state-of-the-art facilities to ensure students get practical exposure along with theoretical knowledge.

The lab supports activities such as programming, networking, graphic design, multimedia editing, and project development.

Key Facilities:

- High-speed internet connectivity
- More than 40 modern computer systems
- Latest licensed software for programming & design
- Dedicated servers for networking practice
- Multimedia tools for video and animation editing
- Air-conditioned, well-ventilated environment
- Projector and smart board for presentations
- Guidance from experienced faculty members
